NFT.NYC

The Leading Non-Fungible Token Event February 20, Times Square NYC

It has now been just over two years since the release of the first Non-Fungible Token standard - A way of registering unique, digital assets on the blockchain.

The first major NFT event in North America, NFT.NYC 2019, saw almost 500 attendees and over 80 speakers meet in New York City's iconic Times Square to discuss the emerging NFT Ecosystem.

One year later, NFT.NYC 2020 will return to Times Square's Edison Ballroom, bringing together enterprise and consumer brands, blockchain developers, gamers, artists, investors and fans to showcase **real world use cases** where Non-Fungible Tokens are impacting **consumer experiences** of ownership and identity with digital assets.

Following a high volume of quality applications, **Speaker submissions for the February 20 event are scheduled to close early**, at 5pm ET Friday January 24.

A sample of the Topics include:

- NFT Use Cases in the Enterprise
- NFTs for Good
- Consumer Marketing with NFTs
- NFT Ticketing and Events
- NFT Domain Names and ENS
- Gaming interoperability with NFTs
- NFTs that give Sports Fans digital ownership
- NFT Regulation
- NFTs and Art
- Using NFTs to rebuild Trust
- The role of Digital Wallets and Exchanges for NFTs

Over 80 speakers have been approved so far from 170+ applications.
