Learn more about EEA membership everyone. Join us and contribute to our work!

Global community of members is made up of leaders, adopters, innovators, developers, business operations. We empower the Ethereum ecosystem to develop new business opportunities, including how to create a governance model that will scale with your operation.

The EEA welcomes the following new EEA members:

- Chainlink’s Smart Contract Summit #1 is back this August 5-7, 2021, featuring 200+ experts. They will present their latest tools and approaches to secure and deploy smart contracts across blockchains.
- Ledger Insights will be identifying outstanding problems in tokenization and plans to offer tokenization services to organizations.
- The new Authority to Operate Working Group will present the State of Ethereum and the Ethereum ecosystem providing a glimpse into where they have been up to.
- The Cross-Chain Interoperability Working Group will share the details of their latest development efforts to facilitate communication and interoperability between different blockchain networks.
- Financial Services Interest Group: While Blockchain networks seem to include built-in security, the challenges to the ecosystem and the road ahead are discussed at this event.
- The Technical Working Groups are planning to adopt the emerging state-of-the-art approaches. Some of the challenges that enterprises face when using public blockchains are shared.

Discussion centered around the latest updates about Ethereum 2.0. In the webinar, several EEA members who deal with various security angles of Blockchain — including Splunk, Quantstamp, Valid Network, and Trail of Bits — discussed the state of Blockchain at Microsoft and Principal Program Manager Azure Blockchain Engineering.

The virtual EEA London Meetup, hosted by Conor Svensson of Web3 Labs, featured a panel discussion on how businesses can create a governance model that will scale with their operations. Evolving from the recent concerns around the DAO, experts shared their insights and best practices.

Join EEA Executive Director Dan Burnett and OASIS Executive Director Guy Martin on Tuesday, August 10, 2021 at 2 p.m. EDT for our webinar on "Create a partnership, agency, sponsorship, endorsement or any other similar relationship between the Enterprise Ethereum Alliance (EEA) and OASIS Open". Learn about the joint partnership and OASIS's inaugural Community Projects that are set to launch.

August 11 as they discuss the motivations behind this novel partnership, the advantages of working together, and the positive impact they expect on the Ethereum industry as a whole.

August 10 - 11, 2021 at 10:00 AM EST to 6:00 PM EST. We are in the middle of a summer holiday period, the Technical Working Groups with your operation.

The EEA member-driven Interest Groups and Technical Working Groups drive all activity within the EEA. Here is a glimpse of what they have been up to.
